## Conflict Minerals Declaration

Hans Eberle AG is committed to the responsible and sustainable sourcing of raw materials and components. We support the objectives of Regulation (EU) 2017/821 and Section 1502 of the U.S. Dodd-Frank Act, which promote transparent and responsible supply chains for tin, tantalum, tungsten and gold (3TG).

Hans Eberle AG does not directly import minerals or metals. Our products and components are sourced from qualified suppliers, predominantly located in Switzerland and the European Union.

To the best of our current knowledge, we have no indication that the products sourced by Hans Eberle AG contain tin, tantalum, tungsten or gold originating from Conflict-Affected and High-Risk Areas (CAHRAs). This statement is based on the information available to us and on declarations provided by our suppliers.

Best regards

**Hans Eberle AG**
